

COMPANIONWAY LADDERS

Where a rise is under 3m Companionway ladders (or Ships Ladders) offer an easier to use alternative to fixed vertical ladders. Complying with the recommendations of BS5395: Part 3 and 4211:2005 + A1 2008 Companionway Ladders are fixed to the same high standard and with their sloped, inclined design, provide even more stable secure access while still maintaining the flexibility required to suit most site conditions and locations
