

# STEP OVER UNITS

Wherever transit is required over ducting, parapet walls, conduit or any roof obstruction a step over unit, freestanding or fixed to the ground, is the safest access available. Complying with the Work at Height Regulations and, where applicable, BS5395: Part 3 step over units give flexible access over a range of widths and heights while keeping the operative safe and enclosed in handrail at all times.

## FEATURES

- **250mm deep non-slip treads**
- **Tube and clamp handrails for easy assembly**
- **Lightweight aluminium construction**
- **Supplied in easy to assemble kit form**
- **Powder coated to any RAL colour**
- **Fixed or freestanding units**
- **Height adjustment if required**
